Polls, 955: Real Estate, \$2,294,795; Personal, \$472,597; Indebtedness, \$104,516; total, \$2,662,000. The Township Committee meet on the third Tuesday of August for the revision of the Assessor's returns.

## Essex County Valuations.

The Board of County Canvassers met in Newark on Monday last to fix the valuations for the current year. Tax Commissioner Haussling was elected Chairman, and after the usual routine business it was decided that the hundreds of total valuations should be dropped. The fol lowing table shows the valuations as sub mitted by the board .

Montclair	2,278,150	315,500	31,100	2,553,00

Mr. Pearson called attention to the fact that the Caldwell return must be incorrect, as it showed a decrease in real estate valuation of \$133,000 since last year, and to correct it he would move that the \$10,000.

Mr. Burnet, the Caldwell Assessor, opposed this motion, as, in his opinion, valuations had really decreased since last year, although his reported valuations were something like \$2,000 more then last year.

Mr. Richards, of the Newark Tax Board, moved as a substitute, that one per cent be added to the real estate valuations of last year. He said it was apparent that there was something wrong, as this year's reports show the real estate item is \$133,000 less than last year.

This was adopted, and thereby increased the total of Caldwell to \$1,436,000. Tax Commissioner Pearson then moved that 10 per cent be taken from the polls of the different wards of the city, as many of the firemen and soldiers have not made their statements this year, but will be entitled to remission of poll tax. notwithstanding.

Mr. O'Hagan, of Orange, moved to amend, so as to make this reduction include the townships.

The amendment was accepted, and the motion as amended was then adopted. On motion of Mr. Cowdry, of East Orange, the valuations were ratified, and

the Board then took a recess for one hour. The Board reassembled at 1 P. M. and fixed the county at 5461, a much lower rate than has been made for county pur poses for many years.

## A Chapel for Soho.

A movement has been on foot here for some time past looking to the erection of small chapel for meetings, lectures, en tertainments, &c. Like everything else in these benighted regions it will probably fail. Those who want it most have the least to contribute, while those able to contribute liberally think it is not need ed. The facts are, that it could easily be secured if all were a little impregnated with the spirit of improvement that actnates some of our neighbors. The shell of a suitable building could be erected for about \$1,500, which could be utilized until such time as opportunity served to

finish and furnish it. There are numbers that would give both time and labor to help secure it. Outsiders have promished assistance.

No doubt our Bloomfield friends would come to the rescue and help a little. Fairs, concerts. bazaars and entertainments of various kinds could be instituted to assist matter of interest to all, and save us from the slough of stagnation into which the place has fallen. The various enterprises to secure it would bring the people together, give the boys and girls a chance to flirt a little, and the older folks a chance to advise the younger ones how it ought to be done. Its accomplishment would beget other needed improvements, would, no doubt, eventually be the means of increasing the population this picturesque little village, which has remained stationary for the past forty years. By all means, ladies, push the matter, talk about it, argue with the moneybags. Be determined, invite all to con tribute, whatever their creed or belief, and let it be distinctly understood that if erected it shall be called the church of all denominations—always open to any and everyone similar, on a smaller scale, to Dr. Deems, Church of the Strangers.

## Knights of Honor.

The Knights of Honor of New Jersey are invited to visit New Haven, Conn., on August 26th, complimentary to Supreme Dictator Sloat, who resides in that city. Every lodge in the state will be represented and it is estimated that nearly five hundred members will participate in the excursion. Voss' Band of Newark is to furnish the music. Excelsior and Bloomfield lodges of this place will be represented, the former turning out with some thirty members.

The Hudson County Board of Free holders have decided to reissue \$854,000 of war bonds which mature this year.

## Montclair Items.

Rev. Dr. Bradford sailed for Europe on Wednesday of last week.

Rev. Mr. Carter will stop with his family at Quogue, L. I.

Montclair has organized a Wheelman's Club with ten members. Drs. Bardford. Pinkham, (W. E.) and Wright have tricyles, and we understand that several others are contemplating ordering them.

Theo. Mace, who purchased the de funct Montclair District Telegraph and Messenger Co., has reopened it as "The District Telegraph and Time Service. As soon as all the circuits are in running order, connections will be made with the Western Union Telegraph Co. and with the fire bell boxes and alarm service. The office will be "always open" and thorough good service will be given. Mr. Mace lives in town and is determined that it shall be a success. The fact of having a telegraph office open during the net valuations of last year be increased evening and night will be a great con-

## The County Census.

Dogs.

Allow me to call attention to the howl ng and barking of many dogs at night in our otherwise quiet village of Bloomfield. The writer is not personally annoyed, but he knows of some, especially sick people, to whom this disturbance is a matter of very serious consequence. Will not those who own dogs kindly do what they can to obviate the above troubles?

OBSERVER. We have received a small copy of 'Notes Along the Way," describing the wonderful Chateaugay Chasm, Adirondacks, White Mountains and Thousand Islands, published by the Ogdensburgh and Lake Champlain R. R. Anyone desiring a copy can obtain one by applying to the office of the R'way Co. at Ogdens burgh, N. Y.

Could not the Law and Order League induce the engineers on the Orange Branch of the N. Y. & G. L. R. R. to omit nine-tenths of the whistling on Sundays? This is a much greater nuisance to the quiet, law abiding residents of that part of the town traversed by this road than some other things which excite great. er attention.

## Two Men Crushed to Death.

Patrick Smith and Jacob Hansen, two aborers, were suffocated on Saturday af ternoon by the caving in of the sides of a sewer excavation in Roseville. The excavation was about eleven feet deep, and several ledges of rock made blasting necessary. About five o'clock Saturday afternoon the men employed in making the excavation began to get ready to quit work for rhe day, but Smith and Hansen declared their intention to make one more blast. They made a hole in the rock, rammed in the charge, lighted the fuse and retired to a place of safety. As soon as the explosion had taken place and before the smoke had fairly cleared away, the two men jumped into the excavation. Hardly had they done so when the sides of the excavation caved in upon them, burying them under several feet of earth. Both men were found standing upright just as they jumped into the trench. Hansen's face bore marks of suffering, as if he died from strangulation, but Smith apparently was instantly killed.

## STATE NEWS.

Governor Abbett has appointed Jacob Klotx, of Harlingen, as a delegate from New Jersey to the National Horse and Cattle Growers' Association, which meets in November at St. Louis.

Peter Higgins, colored, while standing under a tree at Jamesburg, Tuesday afternoon, was struck by lightnnig and killed. Three horses were also killed at the same time and place. A monster cannon, claimed to be the

argest in the world, is being cast at Jersey City, to fire dynamite projectiles. The Englewood Presbyterian Church luring its past 25 years has collected \$387,809,08 for all purposes—an average

of over \$15,000 a year. According to a law made by the last Legislature, all railroad companies in this State are obliged to redeem all unused tickets or portions of the same, and to accept coupons in part payment of the ticket. Unused excursion tickets may be redeemed

without recourse to the scalper

## When?

When in a particularly unamiable mood, will you not do justice to the sidewalk on Upper Broad street! Such a combination of ashes, cinders, gravel, broken-stone, shin-breaking plank, and clay, dust, and dirt walk was never before collected in so small a space.

The thrifty citizens who abound in this neighborhood are evidently filling their old stockings with their gains; waiting for dear know's what to happen. When the road is laid, when everybody is ready, then somebody will do something.
